ISSUE DATE: August 14, 2000

DOCKET NO. **P5270/ES-99-1738**

ORDER APPROVING CERTIFIED 911
SYSTEM COSTS

BACKGROUND

On September 27, 1983, the Minnesota Public Utilities Commission (the Commission) approved Martin County's final plan for the establishment of a 911 Emergency Telephone System.

On March 13, 1985, the Commission approved actual costs incurred by Granada Telephone Company for installing a portion of the 911 Emergency Telephone System for Martin County.

On September 26, 1985, the Commission approved actual costs incurred by Central Telephone Company for installing a portion of the 911 Emergency Telephone System for Martin County.

On March 3, 1986, the Commission approved actual costs incurred by Northwestern Bell Telephone Company for installing a portion of the 911 Emergency Telephone System for Martin County.

On May 14, 1986, the Commission approved actual costs incurred by Dunnell Telephone Company for actual costs incurred for installing a portion of the 911 Emergency Telephone System for Martin County.

CURRENT FILING

On August 19, 1999, Martin County contracted with Independent Emergency Services, LLC (IES) for the installation of tandem based E911 service in their 911 Emergency Services system.

On November 30, 1999, IES installed tandem based E911 with the capability of providing Automatic Number Identification (ANI) services, with incoming trunks from the Ceylon, Dunnell, East Chair, Fairmont, Granada, Northup, Sherburn, Trimont, Truman, and Welcome exchanges to Selective Routers (SR) in Kasson and Ruthton (20 Trunks).

On December 1, 1999, IES certified actual costs incurred in providing tandem based E911 services with ANI to the 911 Emergency Services system in Martin County.

IES is now requesting Commission approval of the actual costs of providing tandem based E911 Services with ANI. Commission approval is necessary before the Department of Administration (DOA) will make payments for 911 system costs.

FINDINGS AND CONCLUSIONS

Minn. Stat. Section 403.11, subd. 3 states:

Subd. 3 (METHOD OF PAYMENT; CERTIFICATION.) A public utility incurring reimbursable costs under subdivision 1 or 2 shall certify those costs to the commissioner of administration. The certification shall be in a form as prescribed by the commissioner after consultation with the public utilities commission. If the commissioner and the commission approve the certified costs as appropriate and accurate, the commissioner shall pay the certified costs from money appropriated for that purpose within 90 days following receipt by the commissioner of the certified costs. The commissioner of administration shall estimate the amount required to reimburse public utilities for the state's obligations under subdivisions 1 and 2 of this section and the governor shall include the estimated amount in the biennial budget request.

Independent Emergency Services, LLC has certified, in writing, that the elements of 911 services and associated costs indicated on Attachment A, reflect only charges for services actually rendered in the direct provision of 911 service in Martin County.

All charges listed on Attachment A are in accordance with the Company's tariffs.

The Commission finds that the costs for 911 Emergency Telephone Service in Martin County which have been certified by the Company are appropriate and accurate.
